

Jack Dominico said **YES** will **YOU?**

Jack Dominico, owner of the Toronto Maple Leaf Baseball Club has joined Kevin and Marg Honsberger to help stop repeat concussion syndrome in our young athletes.

Without baseline concussion testing of our athletes, the decision on when to return to sport is cloudy at best.

When parents are financially challenged and lack the funds to take the test, it is time to step up.

The talking is over! The time to act is now!

Join Team 25 and be one of 25 special Canadians who will step up and pledge \$2,500.00 to help save a brain!

Contact Kevin Honsberger BSc.P.T. at honsphysio@rogers.com to make your pledge
