

## Our Team

**JEFF WANG**

**JEFF WANG, MSc.PT, Hon BSc**

**Occupation:** Registered Physiotherapist

**About me:** I believe in education. I believe in helping you understand why the pain is happening in the first place and why certain treatments work. My goal is to arm you with the knowledge and tools to be active and healthy. I am trained in assessing and treating Vestibular and Vertigo conditions, and am interested in post concussion rehab. As an ex soccer goalie and an avid hiker, I love to treat pro athletes and weekend warriors alike.

**Special Interest:** Jeff is a graduate from the Masters of Physiotherapy program at McMaster University. He combines proven manual techniques with extensive exercise therapy and education to help address the cause of problems. He has experiences treating Collegiate level athletes and clients after a workplace injury, motor vehicle accident, or an operation. Jeff has a background working in biological research, and uses the most up-to-date research evidence to guide his treatments.
